FIREWARDS' REPORT

We have had no real serious fires this year.

We helped the town of Troy, N. H., at a forest fire during the summer which was a very stubborn fire.

Through the C. W. A. we have added two water holes for fire protection. We have had fire lines cut out from brooks to slash lots and made the approach to several brooks much better.

The equipment is very near the same as a year ago.

We feel the people of the town have been very careful during the winter weather with the unusual cold waves to keep the chimney fires down. We wish to thank them.

CLARENCE M. DAMON,
FRANK T. ANGIER,
W. HASKELL DAVIS,
Firewards.

ELLIOT INSTITUTE

Your trustees provided four entertainments during the past year.

All of them were of a high order and were much enjoyed.

The Boston Orchestral Players provided the high spot of the year.

These musicians are so well and favorably known in this vicinity that many music lovers from the neighboring towns came to hear them.

As the years go by the people of Fitzwilliam must appreciate more and more Mr. Elliot's vision and generosity in giving this fund to the town.

It is doubtful if an endowment of this size could be put to a better use in a small community.

Respectfuly submitted,
FRANCIS R. PARKER,
WALTER R. PORTER,
Trustees Elliot Institute.

THE REPORT OF THE FITZWILLIAM DISTRICT NURSING ASSOCIATION

From Jan. 31, 1933 to Jan. 31, 1934

Total visits to homes, 1,428: The visits include the following items; Obstetric cases, 18; postpartum visits, 55; new born babies, 60; antepartum, 26; nursing visits, 332; pre-school, 247; adult visits, 189; social service, 379; infant welfare, 132.

At the time of the annual physical examination given by Dr. Emerson, and the district nurse there were 132 children on the school census. Among the children examined the following defects were found: Enlarged tonsils, 19; enlarged adenoids, 20; dental defects, 21; defective vision, 10; poor posture, 3; ten percent underweight, 11; anaemia, 1; asthma, 1; enlarged glands, 2; heart defects, 3; korea, 1. All have been vaccinated. The following corrections have been made: Tonsillectony, 6; fitted with glasses, 5; dental defects, 13; children excluded from school, chickenpox, 20; measles, 12; pediculosis, 6; skin diseases, 4; a total of 170 visits were made by the nurse to schools.

For a period of 15 weeks during the latter part of winter and early spring, the state and federal government furnished one half pint of milk daily, five days a week to 79 children. For a like period of time, this winter, 28 children are being furnished with milk and about 40 children are taking cod liver oil at school, supplied by the federal government in cooperation with the state of New Hampshire. Some homes of pre-school children and babies have also been supplied with cod liver oil from the same source.

Mr. Samuel S. Simonds, formerly of Fitzwilliam, now of New York and Florida has sent articles of wearing apparel

also, from time to time has sent fruit from his own orchards which has been distributed to many shut-ins as well as to the school children.

Many good friends of the town, among the summer residents as well as permanent residents, have more than generously contributed food and clothing to several families where the things have been genuinely appreciated. Three layettes have been made and given, as was a crib quilt made and given by the 4-H club.

The local Red Cross has supplied the needs of many with ready made clothing.

It is my desire to express my gratitude to the townspeople who have so generously given of their time and unfailing interest in the work of the nursing association and to the parents for their splendid cooperation. I wish also to thank Dr. Emerson, teachers, school board, and officers and members of the District Nursing Association for their assistance in making this work possible.

MARGUERITE E. DAVIS, R. N.,
District Nurse.

MRS. FRED R. BOYCE,
Chairman.

REPORT OF SUPERINTENDENT OF SCHOOLS

To the Fitzwilliam School Board:

I submit herewith my sixteenth annual report as Superintendent of Schools, this being the thirty-fourth in the series under union supervision.

The only change in the teaching force occurred in the Junior High School, where Mr. Alfred S. Holt was chosen principal.

Mr. Holt is a graduate of Keene Normal School, and has had teaching experience in junior high schools in Greenland and Rye, N. H.

Since taking charge of the Fitzwilliam Junior High School Mr. Holt has shown himself to be an excellent instructor and an able executive. The work in this school is being carried on effectively and harmoniously.

The Junior High school has an enrollment of 35 as compared with 44 last year. This decrease is due to the small seventh grade.

The total enrollment for the town is 136 as compared with 13 for the Fall term last year and 146 for the entire school year.

Mrs. Whitcomb has continued her work as supervisor of music, and I feel that the value of her work is appreciated by pupils, teachers, and parents.

During the Fall term the school board and superintendent drew up a letter, a copy of which was sent to each parent, dealing with the promotion of pupils. It is hoped that this frank statement to the parents will result in a better understanding between the teachers and parents. It is only through cooperation between the parents and the schools that satisfactory results can be obtained.

At the Junior High School an innovation was made early in the school year by holding a "Parents' Night" with the regular work of the school being carried on during the evening.

A large number of parents were present, and they seemed to keenly appreciate the work of the school.

Special mention should be made of the excellent work of Miss Marguerite E. Davis, the school nurse, not only in the work done at the regular physical examinations in the schools, but also in her follow up work, and her personal interest in the pupils.

The work in all the schools is being carried on in an efficient manner. Frequent conferences with the teachers demonstrates that they realize that they are teaching children rather than teaching subjects to children.

The reduction in school appropriations during the last two years, together with the resulting reduction of State Aid to the vanishing point, has made the task of the school board a difficult one in preparing a budget for the next school year.

During the present year the schools have carried on as best they could with limited resources, and teachers have loyally accepted reduced salaries, but with advancing prices some appropriations must be increased another year in order to carry on the work efficiently. Until we receive further information regarding the State Aid adjustment credits, there is little use in discussing the figures in detail.

At this time I desire to thank all who have appreciated the work we have tried to do, and have loyally supported me during the past year.

Very truly yours,
LEWIS S. RECORD,
Superintendent of Schools.

East Jaffrey, N. H., Feb. 10, 1934.
